Third Quarterly Report
JULY - SEPTEMBER 2023

FORMER JGG STUDENT TEACHER WINS
WOMEN’S ENTREPRENEUR AWARD

In September, **Soeurn Sokpheatra**, a former JGG Student Teacher, won the “**Outstanding Women Award for 2023**”. The award was presented by the **Cambodian Women Entrepreneurs Association** of Siem Reap and Battambang provinces. Each of the 12 candidates made an eight-minute presentation at the association’s annual meeting covering business strategies, social outcomes, and business - family relationships. They also responded to 10 questions related to business management and problem solving.

Sokpheatra was a JGG Student Teacher from 2014 until she graduated high school in 2018. She lived at JGG’s Siem Reap dormitory while she studied **Entrepreneur Management** at Build Bright University. Besides the English language, teaching and computer skills taught to her by JGG, **Sokpheatra** is especially

Ms. Sokpheatra (on the right) receiving the Entrepreneur Award 2023

appreciative of how JGG taught her to be a leader. Of course, the support she received from her parents made it all possible.

Her advice to the future generation is to set clear goals and to begin implementing a career plan while at university by finding jobs in their free time that help develop the necessary skills to succeed.

Sokpheatra is the **Operations Manager** for SEPAKAMDAMBANH SOURSDEY CO., LTD., a woman owned business specializing in marketing mostly traditional Cambodian woven products. She looks forward to continuing to grow this company so it is able to provide not only success for herself, but also for the many rural workers who supply the products that it sells.

OTHER JGG'S OUTPUTS DURING THE QUARTER

Descriptions	Total Student	Former Student Teacher	Other Student
PHNOM PENH	18	18	0
SIEM REAP	5	2	3
TOTAL DORMITORIES	23	20	3
